

Thank you so much for your purchase!

To access this editable worksheet, you will need to log into your Google account.

Once you've signed in, click on the link below and **make a copy** of the file:

In the "Before You Begin" tab, you will find instructions on how to use these spreadsheets. There are 7 tabs at the bottom of the spreadsheet where you will find the "done for you" checklists. Feel free to edit and add your entries as needed (you will not be changing the original sheet that I sell to everyone because you made your own copy).

If you have any questions, please feel free to email me.

Best of luck on the move!

Kasia
